

Cllr Dave Jackson report - March 2022

Again, quite a quiet month.

On Tuesday 8th March I attended a hastily arranged rally in support of Ukraine, in Woodstock town square, that Cllr Andy Graham had organized. There were a few speakers and details of how folk could donate money, and/or offer accommodation for Ukrainian refugees. At the time of writing (March 12th) 16 individuals had contacted WODSC through the designated e-mail to say they could help. I will ask Andy to give more information at the SBPC meeting.

I have still not had much feedback from PCSO Ben Hallam re meeting folk in The Bartons, either in person, or virtually. I have just sent him another e-mail to ask him to update me before the SBPC meeting.

I heard from Dominic Hones (Gigaclear) on February 24th that my "POT" will be installed "within approximately two weeks". Still waiting! I think it would be a good idea if I ask at the SBPC meeting which other properties are still waiting a connection, and I can keep up the pressure on Gigaclear for all the outstanding jobs to be done. (Unless someone is already doing this?)
