PUBLIC QUESTION TIME

Prior to the council meeting commencing there will be an opportunity of up to 15 minutes for members of the public to make comments and to ask questions of the Parish Council.

A member of the public thanked the PC for arranging to have the dog bin put back in place at Holliers Field. It was also mentioned that there appears to be ground works being carried out in Holliers Field and were the PC aware of this? The PC confirmed that they have a meeting with Hallam, the developers next week but have no information yet. As soon as we have any information it will be shared with the village.

A member of the public asked about the Mullin project and latest developments as there are concerns about the possible increase in traffic with Soho, the Mullin and Heythrop becoming a Warners site. Cllr McRobie confirmed that three Councillors had attended a meeting last week with other Parish Councils. It is a requirement of the planning permission for the developer to establish a Community Forum to enable consultation with local stakeholders. This was a preliminary meeting with further quarterly meetings planned until the museum is operational with further meeting timelines to be agreed.

Full reports can be found on the PC website www.steeplebartonparishcouncil.org

Both Councillors were absent.

- 1302 **Paths Warden – Jenny McCleery**

Jenny talked about her role as Parish path warden – the aim is to work to keep the public right of way open and functional. There are 4 elements to the role, to walk the pathways a few times a year, to report any serious problems i.e. a risk to life & limb and report back to the access officer and any less urgent problems on CAMSweb - Countryside Management Systems website, <https://publicrightsofway.oxfordshire.gov.uk>. Twice a year report a list of unresolved problems in the Parish and keep the list up to date. As a County there are around 4,000 unresolved problems such as missing signposts, poor surfaces, broken stiles. There are twice yearly updates in May and November. Cllr Rosemont asked if the PC could see the reports, Jenny will send it on.

- 1303 **Village Matters**

a) **Traffic calming – next steps**

Cllr Tyers had suggested a provisional meeting tomorrow to talk about physical traffic calming features, but the date wasn't convenient; a meeting will be arranged soon.

b) **Email received from the DFP requesting funding**

Clerk to go back and ask if they have a figure in mind and an idea of costs.

c) **Parking at the Green**

Parking is still an issue. The developer has put kerb stones in around the green, but this hasn't improved the situation. It was agreed that Five cars would be the maximum, but it should probably be cut to 4. The main point is the gap down to the dock must be kept clear. A member of the public suggested a letter to the local residents to explain the situation. Maybe the PC should consider a white line at the end, Cllr Tyers agreed to contact Chris Grain, OCC to discuss options.

D) **Salt bins**

Cllr Tyers reported that the salt bins are all full and that extra salt is stored at Taylors farm. He confirmed that additional salt would not be required for this year. It was suggested that we put a salt bin map together, the Clerk will do this.
