

IMPORTANT INFORMATION

WORKS TO THE ELECTRICITY NETWORK IN YOUR AREA

COMMENCEMENT OF WORKS - Monday 28th June 2021

DURATION OF WORKS - 5 Days

COMPLETION OF WORKS - Friday 2nd July 2021

New Connection to our electricity network:

Scheme: South Street

Job Ref: ESA416

How this will affect you

Works will be undertaken in your area between the above dates as identified in red on the following plan –Please note this is only a provisional route and is subject to change as required

The roads will always remain open for residents and businesses and access, but we are asking that property's which use the area marked in red for parking to use an alternative location for 5 days between the dates 28th June to the 2nd July for the duration of the works this will include both day and night while we carry out excavation works and Lay a new cable. Part of this duration is to allow us to reinstate the area in question; We will keep the disruption to an absolute minimum, and we would like to apologies for any disruption this causes you and thank you for your cooperation. Part of this essential work will be carried out in the highway which may require traffic management and will involve excavating a trench to lay the new cable.

At SSE Safety is our number one priority and it would be very much appreciated if parents/carer could ensure children are kept clear of the work locations and machinery during our operations.

When undertaking work of this type, there is inevitably a certain amount of disruption, and we would like to apologise in advance for any inconvenience these works may cause. We will endeavor to keep disruption to a minimum and would be grateful for your co-operation as we go about our daily business.

Whilst we will have planned the works and resources to ensure that we complete our works on schedule, I hope you will appreciate that site conditions may cause some adjustments to this plan and, if this is the case, we will aim to let you know as soon as possible.
